

## **BRAJRAJNAGAR COLLEGE BRAJRAJNAGAR**

### **4.2- Procedure and policies for maintaining and utilizing physical, academic and support facilities**

The college adopts a well defined policy for the maintenance and utility of physical infrastructure. The construction work is done by registered contractor or Govt. agencies with the approval of GB of the college or the sanctioning authority. The academic activities are managed by the principal aided by the staff council, administrative, academic and accounts bursars. Different committees are formed to look after the grievance redressal, anti-ragging cell etc. The college has facilities for separate laboratory in science stream for conduct of practical. Library is kept open from 9 AM to 5 PM for reading as well as lending purposes to students and staff. There is facility for indoor and outdoor games under the control of a PET and a sports council. There is computer facility for degree students. All sections like admission, examination and accounts have computers with internet connection. Besides class rooms, there is an auditorium in the college for conduct of meetings and seminars. There is separate provision for boys' common room and girls' common room with the facilities of electricity and running water there on.
